

RL Roundup

Welcome to our first December edition of our newsletter. School is gearing up for Christmas and the school is looking very festive with Christmas trees in both buildings, all classrooms decorated with themed doors (have a look on our Twitter for more pictures) and there's also rumours about naughty elves causing havoc in some classrooms!

If you look below we have included some key dates for your diary in the next few weeks but we will also post reminders on Facebook as we know how busy this time of year gets and how easy it is to miss something.

Over the past few weeks, the nasal sprays for flu have taken place for those children whose parents wished for them to receive it and similarly all staff have been offered their flu jab.

We would like to celebrate that we have not had to close any bubbles due to positive Covid-19 cases over the past few weeks so we would like to thank you for your ongoing support and vigilance with this on going challenge.

Mr Nicholson

Assistant Head of School

Christmas Cards

This month the children have been making Christmas cards for some of the older residents in our local area. We were contacted by the UCan centre who needed help to make 2500 Christmas cards. Our fabulous children created 600 handmade cards which will be given to local residents with a small gift from the UCan centre. We are very proud of how hard the children worked to create these cards and were delighted by the number we managed to produce.

Meet our school council reps

Name: Henrietta

Class: 6RH

I wanted to be a class representative on the school council because I want to help change the school for the better – improving school for everybody.

My favourites

Food: Ice cream – mint is my favourite flavour

Animal: cheetah because it is so quick

Subject: PE

When I grow up I would like to be:

The richest person on earth.

One thing most people don't know about me is:

I am the third youngest and third oldest child in my family.

If I could give the world a present it would be:

To find a cure for all illnesses and viruses.
